Dear Sir,

Approval of Water Supply Fittings

Further to my previous circular letter to you of the same series dated 2nd July 1982 on the above subject, I am pleased to inform you that this Authority has now secured a list of qualified testing agencies who can be entrusted to perform tests for water supply fittings and certify on their compliance with the British Standards.

Suppliers or agents of water supply fittings, who wish to have their fittings included under Category (c) as classified in my previous letter, should in the first instance obtain test reports and certification from any one of the following testing agencies and then submit the same with a sample of the water supply fitting to this Authority for consideration :-
