

Notice of Inviting Expression of Interest through Internet (Amendment)

Agreement No. CE 36/2014 (WS) Eighth Safety Review of Small Service Reservoirs - Investigation

Interested consultants are invited to express interest in undertaking the above consultancy.

Consultants should fulfil and declare that they have met the following longlisting criteria for their submissions to be considered further:

Longlisting Criteria

The consultant shall have at least the following total number of professional staff and number of professional staff based in Hong Kong, serving in the respective field.

Field	Total number of professional staff (Number of professional staff based in Hong Kong)
(i) General civil engineering	2(2)
(ii) Geotechnical engineering/geology	6(6)
(iii) Water supply, hydraulics and hydrology	6(1)

(A person may serve in more than one field if he/she is suitably qualified and experienced.)

The scope of this Assignment, which is currently expected to commence in January 2015, is indicated in the draft Brief. Please note that the draft Brief is subject to addition, deletion and alteration.

If you are interested in this Assignment, would you please submit 5 sets of documents containing the following information in a maximum of **six (6) A4 pages** with a minimum font size of 10:

- (a) your broad approach to the problem;
- (b) previous relevant commissions;
- (c) an indication of key staff likely to be employed for the Assignment (together with attachments showing their curriculum vitae and an organisation chart of the project team as necessary). Please nominate one member of the staff as the Advisor and one as the Alternative Advisor;
- (d) an indication of sub-consultants to be employed (which should include all individual academic institutions, specialists, advisors, experts and the like

proposed to be externally engaged to provide the Services under the Agreement, and all references to “sub-consultants” in this letter should be construed accordingly); and

- (e) your comments on the draft Brief and the draft Schedule of Fees.

You may make your submission in either electronic format or hard copy format. If part of the submission is made in both electronic and hard copy formats, the electronic format shall prevail over the corresponding hard copy format. If you elect to make your submission in electronic format, the documents for your proposal shall be prepared and submitted in accordance with the “Requirements for Submission of Proposal in Electronic Format” contained in the attached CD-ROM. All proposals, whether submitted in electronic format or in hard copy format, will be evaluated on an equal basis.

The submission must be delivered in a sealed envelope marked “Restricted (Contract)” to the following address before **12:00 noon on Friday, 15 August 2014** :

**Chief Engineer/Development(1)
Water Supplies Department
Room 4503A, 45/F., Immigration Tower
7 Gloucester Road
Hong Kong**

If a black rainstorm warning or typhoon signal No. 8 or above is hoisted between 9:00 a.m. and 12:00 noon on the above deadline, the deadline for submission will be extended to 12:00 noon on the following working day. Saturday is not counted as a working day.

The assessment criteria and weightings for marking the EOI submitted by consultants and the composition of the Assessment Panel are given in the attached CD-ROM.

Please note that no attachments, except attachments for the curriculum vitae of the key staff likely to be employed on the consultancy and the organisation chart of the project team as mentioned above, should be included in your submission. Late submissions or submissions that do not conform to the requirements in respect of the number of pages, the page size, the font size or the attachments shall not be considered.

For information, the Assessment Panel has agreed that for this consultancy, the sub-consultants will be assessed in the Technical and Fee Proposal stage. However, the past performance of sub-consultants of any disciplines shall continue to be a mandatory assessment criterion in the Expression of Interest stage.

If you are a limited liability company, then you are required to submit documentary proof that the majority of the voting power in meetings of the company shall be held by directors who are consulting engineers (or equivalent professionals of associated professions).

You are required to comply with the “Requirements for ISO 9001 Certification” contained in the attached CD-ROM, and submit all necessary documents together with your Expression of Interest.

Regarding the qualification of the Advisor as mentioned in Clause 4.1 (a) of the draft Brief, Clause 6(A) of the Special Conditions of Employment is contained in the attached CD-ROM for your information.

You are also required to declare any involvement or interest if it is considered by you to be in real or apparent conflict with the duties to be performed for this consultancy. In particular, you are required to request your Advisor and Alternative Advisor to be nominated for this consultancy to complete the respective declaration forms contained in the attached CD-ROM. Please submit the two declaration forms together with the Expression of Interest submission. Any involvement or interest declared would be carefully considered but would not automatically bar you from being further considered in the selection process.

The initial list of qualified consultants approached for this Assignment is contained in the attached CD-ROM for your information. A Notice of Inviting Expression of Interest through Internet is also posted on the website of this Department. Based on the response received, normally 4 suitable firms/consortia will be shortlisted for submission of Technical and Fee proposals.

No Consultants are permitted to submit more than one bid for the same agreement. For the avoidance of doubt, Consultants who submit a bid in their own name and a bid in the name of an un-incorporated joint venture/partnership (with the Consultants concerned as a participant/partner) will be considered as having submitted two bids. Consultants (these must be consulting firms to be eligible for being considered for this consultant selection exercise) having linkages to each other, e.g. subsidiaries, parent or sister companies, are not allowed to bid on the same agreement. Only one firm among such consultants, as the case may be, should be allowed to submit Expression of Interest for a consultancy agreement. You are thus required to declare any linkage with other consultants on the above list. The existence of a holding-subsidiary relationship shall be determined in accordance with the provisions in Section 13 to 15 of the Companies Ordinance (Cap 622). “Sister companies” shall mean all companies which are subsidiaries of or otherwise belonging to the same holding company. Consultants having linkages should sort out among themselves before submitting any Expression of Interest.

For the purpose of this “no linkage” requirement, an academic institution and any separate entities/companies formed by the same academic institution or any of its current staff, or any two of such entities/companies (whether formed by the same staff or not), shall be regarded as “linked”. An academic institution, and all such entities/companies formed by it or any of its current staff (whether by the same staff or not), shall be allowed to submit only one

Expression of Interest for the same consultancy agreement. You are also required to declare any such linkage with other consultants on the above list, if applicable. An entity /company is regarded as formed by the academic institution or its staff if the latter is a partner/shareholder or a director of the former, whether or not the latter is a founding partner/subscriber when the entity/company was formed.

Failure to observe this requirement shall render all related Expression of Interest submitted null and void and any such submission will not be considered.

Please note that the documents of unsuccessful consulting firms will be destroyed three months after the date the Agreement has been awarded and signed.

Please also note that this invitation is made before the necessary funds for the consultancy have been approved. The Government reserves the right to cancel this selection exercise for not having the necessary funds approved or for any other reason, in which case you will accordingly be notified. It should be noted that the Government will not be responsible for the reimbursement of any cost incurred by you for the preparation of the submission.

The electronic documents for preparing your submission are included in the attached CD-ROM and are listed in Schedule 2 of the attached "Licence Conditions for Electronic Invitation Packages". You will be deemed to have accepted these conditions if you use the documents listed in Schedule 2.

The record drawings of the service reservoirs and other relevant information as referred to in the draft Brief, where available, can be inspected with prior arrangement at Chief Engineer/Development(1)'s office during normal office hours.

I should be pleased if you would acknowledge receipt of this invitation letter using the standard Acknowledgement sheet attached.

Should you have any enquiry, you may contact Mr. TONG Woon Ming, Senior Engineer/Reservoir Safety at WSD Kowloon Bay Office (telephone no. 2152 5730).

This Notice supersedes the earlier EOI Notice dated 17 July 2014.

Yours faithfully,

(Vincent S C Mak)
Assistant Director/Development (Atg)
Water Supplies Department

25 July 2014
