Distribution: To all Licensed Plumbers and Authorised Persons

Dear Sir/Madam,

WSD Circular Letter No. 2/2004
Excavation Permit Fees under
the Land (Miscellaneous Provisions) (Amendment) Ordinance 2003

The Land (Miscellaneous Provisions) (Amendment) Ordinance 2003 gazetted on 23 May 2003 will take effect on 1 April 2004. Under the Ordinance, a fee will be payable in respect of all excavation permits applied on or after 1 April 2004 for excavation both in unleased land which is a street maintained by the Highways Department and in unleased land other than any street maintained by the Highways Department.

To recover the cost, we will issue an additional and separate demand note on estimated excavation permit fees to applicants irrespective of the approval dates of their plumbing proposals if excavation permit is applied on or after 1 April 2004 for any part of their concerned water supply connection work. This demand note is subject to adjustment according to the actual final excavation permit fees incurred for the work.

Should more information be required, please contact Mr. PANG Pak Kui at 2829 4574 or Mr. TAM Yat Hung at 2829 4449.

Yours faithfully,

(CHAU Chi Wai, David)
for Water Authority
