Distribution: To all Licensed Plumbers and Authorised Persons

Dear Sirs,

WSD Circular Letter No. 7/2026
Self-Certification Scheme for Plumbing Works in Fire Service

Upon review by the Water Authority (WA), downstream of the Fire Service (FS) tank is considered not posing undue water safety risks to the fresh water supply system as water pressure break is inserted at the inlet point of the FS tank such that backflow of water inside the FS tank into the inlet pipe is prevented.

2. To streamline the procedures of application for water supply (AWS) for FS, the WA hereby formulated a Self-Certification Scheme for Plumbing Works in Fire Service (the Scheme). For the avoidance of doubt, the prevailing application procedures and compliance requirements of the Fire Services Department for any parts of the FS installations shall continue to be followed.

Applicability

3. Under the Scheme, the water supply system for FS is divided into two portions, viz. (i) **before** the first control valve at downstream of the first fire service tank (Portion A) and (ii) **after** the first control valve at downstream of the first fire service tank (Portion B). The Scheme is only applicable to Portion B.

4. As an alternative to the prevailing requirements and procedures, the Scheme is applicable to AWS for FS of new building projects and re-plumbing works for existing FS installations complying with the following conditions:

- (a) the water supply system shall include FS tank(s);
- (b) applications shall be submitted by the responsible licensed plumbers (RLP) who are Authorised Representatives (AR) appointed by Registered Plumbing Contractor (Provisional)¹ (RPC(P)) under the Voluntary Scheme in Enhancing Plumbing Works Control; and
- (c) the RPC(P) has completed FS system installation of at least one plumbing works project with WWO 46 Part V(b) issued by the WA in the preceding two years.

Procedures

5. The following table summarises the key procedures of the Scheme for Portion B.

Key procedures	
1	<p>Submission of plumbing proposal:</p> <ul style="list-style-type: none"> • The applicant shall submit WWO 542 with the plumbing proposal for the FS which clearly indicates Portion A and Portion B. • Upon satisfaction, the WA issues approval (i.e. WWO 1085) for plumbing proposal (including Portion A and Portion B) as per the prevailing procedures.
2	<p>Application for commencement of works:</p> <ul style="list-style-type: none"> • RLP shall submit “Notification Form for Joining the Self-Certification Scheme for Plumbing Works in Fire Service” (Appendix A) for the WA’s approval. • RLP shall submit WWO 46A (Appendix B) Part I and Part II for Portion B. While WWO 1149 for pipes and fittings for Portion B is optional in the submission, the RLP shall undertake that the pipes and fittings to be installed are of General Acceptance (GA) and in accordance with WWO/WWR and the WA’s requirements. • Upon satisfaction, the WA issues WWO 46A Part III.
3	<p>Application for effect of water supply:</p> <ul style="list-style-type: none"> • RLP shall report to the WA via WWO 46A Part IV upon completion of the plumbing works in Portion B, with the following supporting documents as appropriate: <ul style="list-style-type: none"> (a) Completion Certificate (Appendix C); (b) As-built drawings; (c) As-built WWO 1149A (Appendix D); and (d) Inspection Checklist (Appendix E)

¹ As specified in Addendum No. 1 to Circular Letter No. 3/2022 “Voluntary Scheme in Enhancing Plumbing Works Control Stage 2 – Provision of Site Supervision Team for Plumbing Works”.

Key procedures	
	<ul style="list-style-type: none"> • RLP shall certify in the Completion Certificate that the plumbing works have been carried out in accordance with the approved plumbing proposals (including Vertical Plumbing Line Diagram (VPLD)) and as-built records, and in compliance with the WWO/WWR and the WA's requirements
4	<p>WA's approval for supply of water without inspection of Portion B:</p> <ul style="list-style-type: none"> • The WA checks whether all documents required are submitted and in order. • The WA issues WWO 46A Part V and grants approval to effect water supply without inspection of the plumbing installations for Portion B. • The WA issues Fire Service Completion Advice (Appendix F) to the applicant upon issue of WWO 46 Part V(b) for Portion A and WWO 46A Part V for Portion B.

Compliance and Surveillance Check

6. For the purpose of monitoring compliance of the Scheme, the WA randomly selects cases on a risk-based manner (e.g. 5%) and arranges with the RLP to carry out on-site inspection audit.

7. During the on-site inspection audit, the WA shall verify the results of the completed inspection checklist prepared by RLP. For any disagreement with the inspection result, the WA shall mark the amendment(s) on the inspection checklist as appropriate and both the WA and RLP shall sign next to the amendment(s) for confirmation. The WA will then issue WWO 1008² to the RLP for his rectification of the relevant amendment item(s) to the satisfaction of the WA.

² The form issued by the WA to the LP under the "Penalty and Demerit Point System" (PDPS) to record defects found during site inspections.

Effective Date

8. The above arrangement of the Scheme takes immediate effect.

Enquiry

9. Should you have any enquiry, please contact our Engineer/Technical Support(5) at telephone no. 2829 4574.

Yours faithfully,

(Original Signed)

(YIP Ka-chun, Gary)
for Water Authority

**NOTIFICATION FORM FOR JOINING THE SELF-CERTIFICATION
SCHEME FOR PLUMBING WORKS IN FIRE SERVICE**

Part A (To be completed by the applicant)

To the Water Authority,

I hereby notify that I will join the Self-Certification Scheme for Plumbing Works in Fire Service after the first control valve after the first fire service tanks marked as "Portion B" for the premise(s) at _____ . Details of the plumbing works are as follows:

WSD Approval Letter reference: _____ dated _____ ASN _____

Approved drawing no.: _____

I shall appoint _____ (*name of the Licensed Plumber*) to undertake the above works.

Signature: _____ Name : _____

(applicant)

Telephone No. : _____ Fax No. : _____

Correspondence Address : _____

Email Address : _____

_____ Date : _____

Company's chop (if applicable)

Part B (To be completed by the registered plumbing contractor (provisional) and the responsible licensed plumber)

To the Water Authority,

We are appointed by the applicant for new water supply (Name) _____
to undertake the plumbing works as described in Part A above.

We will provide the site supervision team to provide continuous supervision for the plumbing works.
The site supervision plan for the plumbing works is attached.

We confirm the responsible licensed plumber signing WWO 46A is our Authorised Representative
who leads the site supervision team.

Please note following completed FS system installation of plumbing works project(s) with WWO 46
Part V(b) issued by the WA in the preceding two years of this notification:

Registered Plumbing Contractor (RPC) (Provisional)

Registration No. : _____

Name of RPC (Provisional) : _____

Name of Authorized Representative : _____

Tel No. : _____ E-mail : _____

Fax No. : _____ Address : _____

Signature of RPC (Provisional) @ : _____

Date : _____

@ to be signed by the Authorized Representative who acts on behalf of RPC (Provisional)

To the Water Authority,

I confirm that I am the Authorized Representative who leads the site supervision team of the above RPC
(Provisional).

Responsible Licensed Plumber who signs WWO 46A

Plumber's Licence No. : _____

Name : _____

Signature : _____

Date : _____

*delete as appropriate

**APPLICATION FOR CONSTRUCTING, INSTALLING,
 ALTERING OR REMOVING AN INSIDE SERVICE OR FIRE SERVICE**
Under Section 14 of the Waterworks Ordinance (Cap. 102)
and Reg. 3 / 5 of the Waterworks Regulations (Cap. 102A)

Part I (To be completed by the Licensed Plumber) (See Note 1)

To the Water Authority,

Inside Service or Fire Service for the Premises at

.....

 *I/We am/are engaged by the *consumer[#] / agent[#] / applicant for new water supply in Part II to *construct / install / alter / remove an *inside service / fire service at the above premises. Details of the approved plumbing proposal(s) for the inside service / fire service (“Approved Plumbing Proposals”) are as follows:-

WSD approval letter reference : _____ dated _____ ASN : _____
 Approved drawing no. (if no drawing has been required, describe briefly the works) : _____

 _____).

Size and no. of water meters involved/required : _____

Anticipated date when water supply is required : _____ (see Note 4)

Remarks : _____

2. **PURPOSE OF SUBMISSION** (See Note 2)

*I/We hereby apply to the Water Authority for permission to commence the construction, installation, alteration or removal of the works under the Approved Plumbing Proposals covered by this Form, which will be commenced on _____

*I/We undertake that the pipes and fittings to be installed/ used for the construction, installation, alteration or removal of the works covered by this Form are with General Acceptance and shall be as prescribed by the Waterworks Regulations and comply with the Water Authority’s requirements.

* Delete whichever is not applicable

The meaning of ‘consumer’ and ‘agent’ shall be as defined in Section 2 of the Waterworks Ordinance.

3. *I/We fully understand and agree that the Water Authority may use the data collected from *me/us in connection with this application for the purposes of, or directly related to, the processing of this application and any follow-up actions in relation to the construction, installation, alteration or removal of the inside service or fire service approved under this application. If *I/we do not provide sufficient data, the Water Authority may not be able to process *my/our application. *I/We agree that the data collected may be transferred to other Government bureaux and departments [and any other relevant parties] for the aforesaid purposes. *I/We further agree that the data (including the name of the Licensed Plumber and the details of the premises concerned) may be made known to the general public (eg. by publishing the same on the internet). *I/We understand that *I/we may make a request to the Departmental Secretary of the Water Supplies Department at 48/F, Immigration Tower, 7 Gloucester Road, Hong Kong for access to and correction of my/our personal data.

Date :	Fax No :	

* Delete whichever is not applicable

The meaning of 'consumer' and 'agent' shall be as defined in Section 2 of the Waterworks Ordinance.

Notes :-

1. The Form is applicable to premises supplied or to be supplied with water from the Waterworks. Part I of the Form is to be completed by the Licensed Plumber to apply for the permission by the Water Authority of the commencement of the works under the Approved Plumbing Proposals covered by this Form. Part II is to be completed by the consumer[#]/agent[#]/applicant of new water supply. Omission of any details in the Form may cause delay to your application.
2. Parts I and II of this Form shall be submitted to the Water Authority for permission to commence the construction, installation, alteration or removal of the works under the Approved Plumbing Proposals covered by this Form.
3. The Form shall be mailed/faxed to the Water Authority.
4. Different sets of Forms are required for different phases of the plumbing that require water supply at different dates. **The consumer[#]/agent[#]/applicant of new water supply in Part II and/or the Licensed Plumber in Part I shall inform the Water Authority in writing whenever there is any change to the 'anticipated date when water supply is required' in Part I of the Form.**
5. On completion of processing the application, the Licensed Plumber and the consumer[#]/agent[#]/applicant will receive Part III of the Form with a Form Serial No. printed on it. A copy of Parts I and II of the Form will also be returned.
6. Reporting completion of part of the works covered by this Form (including water pipe to be concealed) shall be made in Part IV of the Form. Licensed Plumber and consumer[#]/agent[#]/applicant as appropriate, should complete Part IV of the Form and submit it together with a copy of Parts I, II and III of the Form to report completion of the works covered by this Form. **Please quote Form Serial No. and ASN on Part IV.**
7. Licensed Plumber should always be aware of the anti-corruption laws and avoid to contravene them during their course of works. For details, please refer to the website of Independent Commission Against Corruption at <http://www.icac.org.hk/>

[#] The meaning of 'consumer' and 'agent' shall be as defined in Section 2 of the Waterworks Ordinance.

Completion Certificate of Plumbing Works

Address: _____

To the Water Authority,

I refer to the WWO 46A Part IV enclosing the completed inspection checklist amongst other supporting documents.

I certify that the completed plumbing works covered by the above WWO 46A Part IV have been carried out in accordance with the approved plumbing proposals (including VPLD), as-built drawings and as-built material schedule (WWO 1149A) which comply with all respects under the provisions of the Waterworks Ordinance (Cap. 102), the Waterworks Regulations (Cap. 102A), the requirements of the Water Authority and the applicable requirements set out in “Technical Requirements for Plumbing Works in Buildings”, the Water Supplies Department Circular Letters to Licensed Plumbers and Authorised Persons and “Guide to Application for Water Supply” issued by the Water Authority, and that the inspections conducted are of satisfactory results. I have reviewed and am satisfied with the attached completed inspection checklist.

Please use additional sheet(s) if required.

Please see notes overleaf

Signature of the Licensed Plumber : _____ Licence No. : _____ Date : _____

Notes :-

1. This Form shall be submitted with Part IV of WWO 46A.
2. All pipes and fittings used for the plumbing works are required to be reported according to the 'Pipes and fittings to be reported in Form WWO 1149' promulgated by the Water Authority (WA) in the website of the Water Supplies Department (WSD).
3. All pipes and fittings used for the Approved Plumbing Works shall comply with the requirements and all relevant prescribed specifications in the Waterworks Ordinance and Waterworks Regulations. For pipes and fittings with 'General Acceptance' issued by the WA, the applicant shall provide the 'General Acceptance' Number in this Form.
4. All water taps, showers for bathing, urinal flushing valves and water-closet fittings intended to be used in kitchens of the domestic premises and bathroom and toilets of all premises shall be registered under Water Efficiency Labelling Scheme (WELS) and comply with the prescribed water efficiency requirements stipulated in the Technical Requirements for Plumbing Works in Buildings and WSD Circular Letters. The applicant shall provide their registration number under WELS in this Form.
5. For toilet suite (one-piece water closet pan), its registration number under WELS shall be provided. For water closet cistern, apart from its registration number under WELS, the registration number under WELS of water closet pan shall be provided for checking whether the WELS grade matches with that of the water closet cistern. Applicant should refer to the Scheme Document for WELS on water closets in WSD's website.
6. For a water tap or shower for bathing not complying with the prescribed water efficiency requirements stipulated in the Technical Requirements for Plumbing Works in Buildings, the WA may accept the alternative of installing inside the water tap or shower for bathing a flow controller registered under WELS and of required water efficiency grade to form a "combined" water saving device that meets the prescribed water efficiency requirements. To select such flow controller for non-mixing type water tap, applicant should refer to the WELS registers in WSD's website to ascertain its nominal flow rate to achieve the prescribed water efficiency requirements. Details of the WELS compliant flow controller to be installed to form a combined water saving device shall also be included in this Form.
