

"Excursion with Water Save Dave" Visiting Programme
Guidance Note for Participants

1. Points to note before the tour:

- Since the guided tours are carried out outdoors most of the time, participants should ensure that their health condition is good on the event day. If there is any discomfort, it is not recommended to participate in the activity.
- For the sake of safety, staff of the Water Supplies Department may reject anyone whose health condition is considered unsuitable for participation and those who have signs and symptoms of infectious diseases from participating in the event.
- Participants are required to arrive at the gathering location on time. If it is necessary to change the gathering time and/or location or even cancel the scheduled tour due to unexpected circumstances, the Water Supplies Department will notify the participants by telephone as soon as practicable.
- The visiting session in morning will be cancelled without any notice if Amber Rainstorm Warning Signal or above, or Cyclone Warning Signal No. 3 or above is in force at or after 7:00 am on the date of visit. The visiting session in the afternoon will be cancelled without any notice if the aforementioned signal is in force at or after 10:00 am on the date of visit.

2. Suggested participants' equipment:

- Please wear causal and comfortable sport wear (For example, light, quick-drying and breathing long-sleeve trousers)
- Lightweight backpack
- Windbreaker, jacket and warm clothing
- Hiking Shoes or sport shoes
- Hiking Pole (There are slopes and steps during the tour)
- Earphones with 3.5mm Plug (as individual audio receivers will be used)
- Anti-mosquito and sun protection products (such as mosquito repellent, sun hat, sunblock)
- Umbrella or raincoat
- Towel
- Water (Recommend to bring at least 1 liter per person)
- Personal medicine (if necessary)
- Extra clothes for replacing

3. Points to note during the tour:

- Please follow the instructions of tour guides during the tour to avoid danger.
- Participants should pay attention to the own safety and take care of the personal belongings. The Water Supplies Department will not be responsible for any loss or damages.
- Please do not leave the tour without notification. If participants have to take an early leave, they are required to fill in the early leave form before they leave.
- The itinerary of the tour may be subject to change due to the weather condition, site condition or other unexpected circumstances. For safety reasons, the Water Supplies Department reserves the rights to change the itinerary, shorten or terminate the tour immediately.
- Participants should comply with all the anti-epidemic measures of COVID-19 set out by the Government throughout the visits.
- All participants of the guided tours (except for tour participants, who are aged 15 or below and accompanied by an adult or aged 65 or above, are unable to use the “LeaveHomeSafe” mobile application) are required to bring with them a smartphone having installed the “LeaveHomeSafe” mobile application throughout the tour and are required to scan the “LeaveHomeSafe” QR code whenever they board a means of transport and enter a venue (including attractions) that displays such a QR code.
- Participants are requested to wear a surgical mask at all times during the visits and not to drink or eat on the means of transport (except drinking water and taking medicine)
- Participants are reminded to maintain good personal hygiene and appropriate social distancing throughout the visits.
- Please do not feed any wild animals or pick any plants. Keep the environment clean throughout the tour.
- Protect the natural environment. Please do not take or collect any creatures from the environment.
