

## Behind the Scene

Super: Behind the Scene

Sir: Everything is under control  
Hello?  
Yes?  
Ready?  
Good  
Keep in touch  
Wow!  
Who's That?

Foreign Domestic Helper: Sir, why don't you turn on the light?  
Dinner is ready

Sir: Okay

Sir: Mr. Plumber  
could you please fix the leaking tap?

Madam: Hubby  
how considerate you are!

Sir: Leaking taps should be repaired as soon as possible.  
Don't waste any single drop of water

Sir: I have a special trick to save water!

Sir: There you go!

Super: Flow Controller

Sir VO: Flow controller is a simple and tiny gear  
that can easily fit onto a water tap or  
showerhead to reduce water consumption

Save water, so easy!

Super: Remove the nozzle  
Take out the rubber washer  
Take out the nozzle insert  
Place the flow controller into the nozzle with coloured side facing up  
Place the rubber washer back and fix the nozzle

Sir: Use only when necessary, don't waste water

Super: Use only when necessary, don't waste water

Sir: Let all of us save water together!
