## NOTES ON THE ACCOUNTS

### 1. Accounting Policies

- (a) Basis of Accounting  
The accounts have been prepared on the historical cost basis of accounting modified to include notional receipts and payments.
- (b) Fixed Assets
- (i) No cost is included for land which is occupied by installations or sterilised by catchment areas except that, where it has been resumed, the cost of resumption has been included in the capital cost of the project concerned.
  - (ii) For capital projects, the costs include the actual direct expenditure and staff costs for design, planning and supervision during the construction period.
  - (iii) All other fixed assets are stated at cost less accumulated depreciation except assets under construction which are stated at cost.
- (c) Depreciation
- (i) Depreciation is provided on a straight-line basis calculated to write off the cost of assets less residual value over their estimated useful lives. The annual rates of depreciation used are :-

Tunnels, dams, resumption and afforestation, etc.	1%
Civil engineering works	2%
Water mains - fresh	2%
- salt	5%
Mechanical/electrical works, plant and machinery	4%
Meters	6.66%
Computer hardware, software and system	10%
Motor vehicles	10% - 20%
  - (ii) No depreciation is provided on assets under construction.
- (d) Stock  
Stock is stated at the lower of cost and net realisable value, using the weighted average cost method to the extent that it is material.
- (e) Taxation  
Notional profits tax is provided, where necessary, based on the expected taxable surplus for the year, using the tax rates prevailing at the balance sheet date, and any adjustments to tax payable in respect of previous years. No provision for notional profits tax has been made in the accounts as the Authority has no taxable surplus for the year.
- (f) Deferred Tax  
Deferred tax is recognised, where appropriate, for all material temporary differences between the tax bases of assets and liabilities and their carrying amounts in the accounts. Deferred tax assets are recognised to the extent that it is probable that taxable surplus will be available against which the temporary differences can be utilised. No provision for deferred tax in respect of all material temporary differences has been made in the accounts as the Authority has no taxable surplus against which the temporary differences can be utilised.

## NOTES ON THE ACCOUNTS

- (g) Employee Benefits | Employee benefits including salaries, gratuities, pensions, housing benefits and annual leave are accrued and recognised as an expense in the year in which the associated services are rendered by employees.
- (h) Actual Return on ANFA | This is calculated as a percentage of surplus/deficit after taxation to average net fixed assets (ANFA).
- (i) Average Net Fixed Assets | The average net fixed assets (ANFA) represents the simple average of the opening and closing value of total fixed assets less aggregate depreciation.
- (j) Deficit | Since the Water Authority does not have a separate legal identity, its financial resources form part of the General Revenue. All deficits are deemed to be financed by the General Revenue and adjusted to the Public Capital Account of the Authority.
