Remarks:

- (1) WSD reserves the right of final decision on the admission and visit reservation. Confirmation will be sent out in due course.
- (2) For safety reason, participants of guided tours must be aged 8 or above. Children aged 12 or below must be accompanied by an adult for admission to the water treatment works.
- (3) With respect to the pandemic situation, WSD will impose restrictions to control number of visitors within the water treatment works.
- (4) According to the conditional exemption pursuant to the Prevention and Control of Disease (Prohibition on Group Gathering) Regulation (Cap. 599G), visitors must abide with the following anti-epidemic measures:
 - i. Visitors are required to undergo a rapid antigen test (RAT) for COVID-19 on the day of the visit and obtain a negative result before entering the water treatment works. Visitors should take photos to record the RAT result and present the relevant records for inspection of our staff before entering the water treatment works. If any visitors fails to present proof of a negative result of RAT, they are required to complete the Declaration Form for Negative Result of Rapid Antigen Test for COVID-19 for record purpose.
 - ii. Visitors (except for participants who are aged below 12 and accompanied by an adult or aged 65 or above and those with disabilities that render use of the app difficult. However, they are required to complete a record form for registration. They are also required to present relevant identification documents for verification at the request of the staff on-site during registration. The staff will also verify the contact numbers by making phone calls.) are required to bring with them a smartphone having installed the "LeaveHomeSafe" mobile application throughout the visit and are required to scan the "LeaveHomeSafe" QR code whenever they enter the water treatment works.
 - iii. Visitors are required to fulfill the prevailing Vaccine Pass requirements to receive COVID-19 vaccine(s) unless he/she is aged below 12 or holding a valid medical certificate stating that he/she is unfit, on medical ground, to be administered with a COVID-19 vaccine. For details of the Vaccine Pass requirements, please visit the COVID-19 Thematic Website (<https://www.coronavirus.gov.hk/eng/vaccine-pass.html>). In addition, persons under categories of Red Code or Amber Code of Vaccine Pass shall not attend the event. Our staff will check the vaccination records of the visitors before entering the water treatment works. Once it is found that the prevailing Vaccine Pass requirements cannot be fulfilled, the right of visit of the persons will be cancelled.
 - iv. Visitors are required to check their body temperature before entering the water treatment works. For public health reason, WSD will reject entry of persons with fever or respiratory symptoms.
 - v. Please wear facemask throughout the visit and maintain appropriate social distance with other visitors.
