

Serve with Heart – Professionalism and Creativity

English voice over script and super:

LEE Chi-kin

Waterworks Chemist

Water Supplies Department: Hong Kong is an international metropolis. We need to supply our citizens with quality and safe drinking water, but they often expect far more than that. So to me, every day is a major challenge.

LEE Chi-kin

Waterworks Chemist

Water Supplies Department: I'm a Waterworks Chemist at the Water Supplies Department where I have been working for 20 years. As professional waterworks chemists, why can't we think of some ways that are not only economical but can also promote team spirit among colleagues and use our creativity to ultimately benefit the public?
