

User Guide for Shipping Water Selling Machine in Aberdeen

Start Screen

- Please first ensure your hose fitting could connect the water outlets of this machine properly.
- Press 'Enter' to accept the terms and proceed.

(1) Vessel Registration Number

- Input your vessel registration number (omit any alphabet).
- Press 'Enter'.

(2) Input Amount

- Press 'Up' or 'Down' to select the unit: "L", "m³", or "HKD".
- Press 'Enter' and input the amount.
- Press 'Enter'.

(3) Payment (Octopus)

- The payment screen would be displayed for 30 seconds.
- Tap your Octopus card to pay.
- To use Faster Payment System (FPS), press '1'.

Payment (FPS)

- The payment screen would be displayed for 180 seconds.
- Scan your QR code to pay.

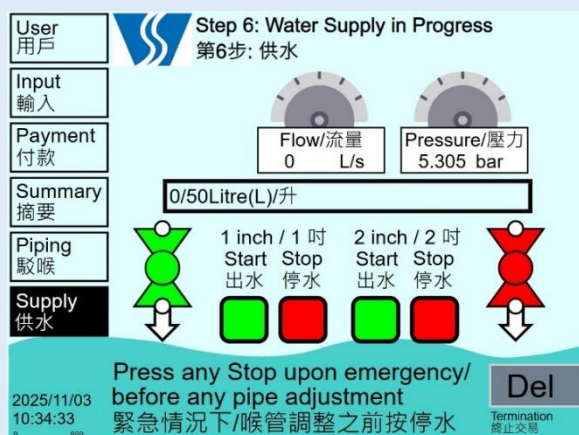

(4) Transaction Summary

- If the transaction was successful, a transaction summary would be displayed.
- You may use your mobile phone to take a photo for record.
- Press 'Enter'.

(5) Connect water outlet

- Connect the water outlet of appropriate size, and ensure it is connected tightly.
- Open the valve using the blue handle. (Valve is open if handle is parallel to pipe)

(6) Deliver Water

- Press the green button of the corresponding outlet for 3 seconds continuously to fully open the automatic valve inside this machine.
- Press the red button to stop.
